Indian Plants trail 2017

Public

· Hosted by [India in UK \(Consulate General of India, Edinburgh, UK\)](#)

Details

As a tribute to 70 year of India's independence celebrations, the Consulate General of India in Edinburgh, for the first time, has mapped in coordination with the Botanical Gardens, all Indian plants which were brought by British from India from time to time, and have been planted in Royal Botanic Garden, Edinburgh. So far Royal Botanic Garden , Edinburgh have identified and mapped with description and photos around 170 species of plants from India.

The mobile app will be launched by High Commissioner of India, on 6th August 2017, Sunday @ 10.30 am

A guided tour can also be arranged by Botanical Garden, starting after the launch of the event i.e., 6th August till 31st August.

Entry by invitation on the Launch day.

The ' Indian plant trail' will be available for free on all other days. Timings as per Garden's usual hours.

Happy India plant trail.

Long live India - Scotland relationship!
